Puts YOU back in the community

## A Healthy Community is a Strong Community...

In an effort to enhance our community, you are invited to take part in something that does just that -- Makes a difference!

The **Back to U** program, an exclusive of Country Club Real Estate, allows you to give something back. Upon a successful closing, Country Club Real Estate will make a donation in your name to the non-profit charity of your choosing.

You've heard it before -- a win-win situation. Well this program is just that. It means everyone wins in the end. Together, we can make that happen!
